Evaluation scheme of (Industry Defined Project / User Defined Projects) for 50 marks for 5th semester of MCA Students

The evaluation will be done internally for 50 marks in the 5th Semester. The proposed scheme for evaluation of submission of Project definition and description (in the prescribed format) out of 50 Marks is as follows based on the guidelines provided by Deans of MCA.

Sr. No.	***Description***	***Marks***
1.	Role of Innovation/Creativity, Research Element in the Project	6
2.	Utility of the Project for Industry / Academic / Society / Government Body, etc.	12
3.	Proposed Implementation Methodology	7
4.	Content of the Report and presentation	12
5.	Question and Answer	7
6.	Review of Literature & related studies about the project	3
7.	Effectiveness of Work plan/ schedule/project planning	3
	TOTAL	50

- User-defined (i.e. internal) projects are welcome as long as the proposed project has an application potential either in industry, or a service organization, or a social organization, or a government/semi-government organization, or society at large.

- The project definition can be changed contextually if it's decided jointly by Guide and students in case of favorable circumstances.

- The set of definitions (including changed definitions) must be submitted before 26th November, 2011 to concerned departments.

- The internal marks will be given on the final version of definitions during final examination of 5th semester. These marks will be submitted to GTU in the same way as other internal marks of other subjects.
