

September 21-22, 2012

Objective

The objective of this national level seminar is to promote research and development activities in the areas related to Computer Vision and Image Processing. With the rapid advancements in Silicon Technology and Computer Industry, there is ever increasing requirement of innovation in these domains. While the field of Image Processing deals with processing and analysis of digital images that are two-dimensional entities; Computer Vision adds the third dimension by computing the depth of the object. With the aforementioned vision, a two-day national level seminar "NaSCoVIP" has been organized in 2006 by DA-IICT and IEEE Gujarat Section. In continuation of this initiative, MEFGI along with SMC (Systems, Man, and Cybernetics) Society Chapter of IEEE Gujarat Section is organizing this seminar to promote exchange of scientific information amongst the experts, researchers, developers, engineers, students and practitioners. The seminar will consist of presentations from various eminent experts, who will address the recent developments and trends in the fields. The participants will get enough opportunity to enhance their knowledge regarding the state-of-the-art in the fields through interaction with the experts. This will stimulate the research potential of the candidates, who wish to pursue Doctoral degree in the related fields. The outcome of the seminar is expected to encourage interaction among the academicians, students and industrial personnel to promote collaborative research and developmental activities.

Theme

Recent trends and developments in the field of Computer Vision and Image Processing.

Participants

Senior under graduate students, graduate students, researchers from academia as well as industry and faculty members interested in the field of computer vision and image processing from all over India are encouraged to participate.

Speakers	Important Dates
<ul style="list-style-type: none"> ▪ Subhasis Chaudhuri, IIT, Bombay ▪ Bhabatosh Chanda, ISI, Kolkata ▪ M. V. Joshi, DA-IICT, Gandhinagar ▪ Dipti P. Mukherjee, ISI, Kolkata ▪ Priti P. Rege, College of Engineering, Pune ▪ Gaurav Harit, IIT, Jodhpur ▪ Suman K. Mitra, DA-IICT, Gandhinagar ▪ Shubhalaxmi Kher, Arkansas State University, USA 	<p>Seminar September 21-22, 2012</p> <p>Registrations Open August 10, 2012</p> <p>Early Bird Registrations September 15, 2012</p>

Registration Fee*	Early Bird	Late
Students - IEEE Members	₹ 800	₹ 1100
Students - Non IEEE Members	₹ 1000	₹ 1300
Researchers / Professionals	₹ 1500	₹ 2000

* The registration fee includes only registration kit and food during the period of seminar.

All Payments should be done by Demand Draft or Cheque (at par) drawn in favour of: "IEEE Gujarat Section", payable at Ahmedabad

About MEFGI

Marwadi Education Foundation's Group of Institutions (MEFGI) is an approved Technical Campus situated at Rajkot, Gujarat. It is affiliated to Gujarat Technical University, approved by AICTE and offers graduate and postgraduate courses in various disciplines of Engineering, Computer applications and Management. It has achieved a prominent position in Gujarat, within a short span of 3 years.
