## **About the Trust:**

Parul Trust was founded in the year 1990 by a visionary, Dr. Jayeshbhai K. Patel to serve the society and nation by providing medical, education and employment facilities. The Parul campus is spread over 100 acres of land at Limda, near Vadodara city. The trust is offering a variety of courses like Pharmacy, Engineering, Management studies, various medical and paramedical programs

## **About our Pharmacy colleges:**

Baroda College of Pharmacy was established in 2005 with a mission of providing service to the poor and needy in the field of health- physical, mental and intellectual. The institute is approved by AICTE & PCI, accredited by NAAC-UGC, NBA (AICTE) and affiliated to Gujarat Technological University Ahmedabad. The institute is committed to promote the highest professional and ethical standards of pharmacy, focus the image of pharmacists as competent health care professionals and support pharmaceutical education and science in all aspects. Baroda College of Pharmacy is conducting B.Pharm. Course (UG) and M.Pharm. Course (PG) in various branches like Pharmaceutics, Pharm. Technology, Pharmaceutical Quality Assurance, Quality Assurance Techniques and Pharmacology.

Parul Institute of Pharmacy was established in 2004 and is duly approved by AICTE & PCI, accredited by NAAC-UGC and affiliated to Gujarat Technological University, Ahmedabad. The institute has been successful in maintaining high level of academic standards and value based education to meet societal needs. Parul Institute of Pharmacy is conducting UG and PG pharmacy programmes in B.Pharm. Course (UG) and M.Pharm. Course (PG) in various branches like Pharmaceutics, Pharm. Technology, Pharmaceutical Quality Assurance, Quality Assurance Techniques and Pharmaceutical Chemistry.

## Objectives of Workshop on Preclinical & Clinical studies: Challenges and walkover to drug development.

Current approaches to discovering, developing, and launching new drugs fall well short of the needs of the biopharmaceutical industry. Drug development is a long, expensive and risky process. The program's significance and results lie in the fact that students are provided a forum for exceptional work, unique challenges, and research experience. The objectives of the workshop are to update the students on following procedures:

- The current trend of toxicological studies which is important in identification of unsafe compounds in the initial preclinical phase
- Methods to study the in-vivo behaviour of drug molecules and monitors the effects and the predicted outcomes proposed for the drug.
- The importance and recent trends in clinical research.

### Eminent speakers invited for the Workshop ...

| Day-1                                                                                                                                                                                                                                                                                                                                                                                                                                     | Day-2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Day-3                                                                                                                                                                                                                                                                                                                                                    |

## Objectives of Workshop on Importance of Quality Assurance in different pharmaceutical areas:

Today's competitive era needs a high degree of knowledge for the students. This should not be limited to their own syllabi while it must be groomed by practical exposure, current improvements and many more. To achieve this workshops are organized. Here the theme of workshop i.e. "Importance of Quality Assurance in different pharmaceutical areas" is decided to upgrade the students, who are pursuing their post graduation in Quality Assurance in the field of Pharmacy. To fulfill this aim the workshop is planned for 3 days to cover following some of the important areas.....

- Importance of QA in F&D
- Importance of QA in R A and Corporate.
- Importance of QA in Clinical Research.

## Eminent speakers invited for the Workshop.....

| <b>Day I:<br/>Importance<br/>of QA in F &amp; D.</b>                                                                                                                                                                                                                                                                                                                                 | <b>Day II:<br/>Importance<br/>of QA in RA<br/>and Corporate.</b>                                                                                                                                                                                                                                                                                                                                             | <b>Day III:<br/>Importance<br/>of QA in<br/>Clinical Research.</b>                                                                                                                                                                                                                                                                                                                                                         |

• **Chief patrons** •

Dr. Jayesh K. Patel, Chairman, Parul Trust  
Dr. Devanshu J. Patel, Managing Trustee, Parul Trust

• **Conveners** •

Dr. Archana N. Paranjape  
Principal, Baroda College of Pharmacy

Dr. Rajesh K.S.  
Principal, Parul Institute of Pharmacy

**Chief Coordinator  
(QA)**

Dr. Suresh Jain  
HOD, Dept. of QA/QAT,  
Baroda College  
of Pharmacy

**Registration  
Committee**

Mrs. Pinkal Patel  
Mrs. Jignasa Modi  
Mr. Virag Gophane

**Hospitality  
committee**

Mr. Stavan Master  
Mr. Ankit Shah

**Inauguration  
Committee**

Dr. Nazneen Surti  
Ms. Bhumika Patel  
Ms. Jignasha Derasari  
Mrs. Priyanka Patil

**Transport  
Committee**

Mr. Pradip Patel  
Mr. Viral Desai

**Chief Coordinator  
(Pharmacology)**

Mrs Kavitha Pillai  
Assistant Professor,  
Baroda College  
of Pharmacy

**Registration  
Committee**

Dr. Deepa Patel  
Mrs. Akanksha Tiwari  
Mr. Nishit Gohel  
Mrs. Rupal Jani

**Hospitality  
committee**

Mr. Kunal Shah  
Mr. Ritesh Rangani

**Inauguration  
Committee**

Mrs. Vidya Sable  
Dr. Dipti Patel,  
Mrs. Snigdha Das Mandal

**Transport  
Committee**

Mr. Vishal Patel  
Mr. Rushik Ghodasara

## WHO SHOULD ATTEND

Post graduate students, research scholars and teachers working at various pharmacy institutes.

### Registration form

Name of Workshop: \_\_\_\_\_

Name of participant: \_\_\_\_\_

Address: \_\_\_\_\_

Mobile: \_\_\_\_\_ Email: \_\_\_\_\_

Participant category:

Industry     Academics     Research scholar

DD Amount: \_\_\_\_\_

DD No.: \_\_\_\_\_

Drawn on bank: Date: \_\_\_\_\_

Accommodation required: \_\_\_\_\_

Signature of applicant: \_\_\_\_\_

Date: \_\_\_\_\_ Place: \_\_\_\_\_

| Type of Delegate             | Registration Fees (Rs.) |
|------------------------------|-------------------------|
| Industry                     | 1000                    |
| Academic                     | 750                     |
| Research Scholars / Students | 500                     |
| Spot Registration            | 1000                    |

**Last date of receiving form: 5<sup>nd</sup> April 2012**

Please forward the duly filled registration forms along with DD in favour of "Baroda College of Pharmacy" payable at Baroda to following address:

To,
