

**“BIOTECHNOPRENEUR PROGRAMME - A UNIQUE PROGRAMME FOR
PROMOTING ENTREPRENEURS IN LIFE SCIENCE FIELD”**

Entrepreneurship Development Institute (EDI), Ahmedabad, has recently launched a unique programme for promoting innovative enterprises in various areas of Life Sciences. The programme is sponsored by a National Science and Technology Entrepreneurship Development Board (NSTEDB), Ministry of Science & Technology, Government of India, Foundation for MSME Clusters (FMC), New Delhi, and Gujarat State Biotechnology Mission (GSBTM) of the Government of Gujarat. The training programme aims to provide comprehensive academic, practical and ground support to interested entrepreneurs in the areas such as pharmaceuticals, biomedical engineering, biotechnology, etc. This ten month, weekend programme is particularly suitable for candidates, who are presently pursuing post graduate level studies in the above disciplines, working in pharmaceuticals industry or biotechnology or biomedical engineering companies in the relevant field as well as those in the research and development organizations and commercial functions such as marketing, technology access, etc. Reputed business, finance and academic organizations such as GITCO, GVFL and CIIE are the knowledge partners. The programme starts in first week of June, 2011 and admission process is underway. For further details, interested persons may contact;
