

**SHORT TERM TRAINING PROGRAMME ON
PROJECT MANAGEMENT**

May 30 - June 3, 2011

Department of Production Engineering
BVM ENGINEERING COLLEGE
Vallabh Vidyanagar - 388 120. (Gujarat)

PREAMBLE

Project Management has emerged as a powerful tool for addressing the complex needs and requirements of today's business world. Organizations around the globe are turning to the profession to improve efficiency and trim costs. As more organizations adopt Project Management, a talent gap has developed. In many emerging economies such as India, there are simply not enough trained or experienced project managers to go around.

Increasing demand, in turn, translates into a growing need for universities and other academic institutions to develop programs that educate and train project professionals at all levels and for all industries. Unlike narrowly focused fields such as finance or IT, Project Management encompasses an array of skill sets spanning marketing, finance, operations, technology and other areas. That very diversity is what today's knowledge based economy demands. Educational institutions have a unique opportunity to provide a foundation for Project Management and distinguish themselves as centres of knowledge and expertise. In a nutshell, teaching Project Management in colleges and universities will not just help groom the next generation of business leaders but also help close the skills gap.

ABOUT VALLABH VIDYANAGAR

Vallabh Vidyanagar, named after Sardar Vallabhbhai Patel, is 6 kilometers from Anand, the milk capital of India. Over the years it has emerged to be an active Educational Hub in the western part of India. It has made its distinct identity in the sector of education by offering numerous emerging and innovative academic programmes there by attracting students across the globe. Anand is situated between Ahmedabad and Vadodara on the main rail-link and is located 75 kilometers from Ahmedabad and 40 kilometers from Vadodara on NH-8. Vallabh Vidyanagar is blessed with the beauty of nature. Its lush green trees of different types and kinds have only made the town environment friendly, but also created a serene and ever-enjoyable peaceful atmosphere generating synergistic pleasure on the campus.

ABOUT CHARUTAR VIDYA MANDAL (CVM)

The institute, BVM Engineering College is managed by the reputed educational trust of Gujarat, Charutar Vidya Mandal (CVM). CVM was established in 1945 for the upliftment of rural education. Over the span of 63 years CVM has been making spectacular progress by venturing into various emerging disciplines. Today, CVM is nurturing 45 educational institutions of diverse types contributing to the panoramic growth of Vallabh Vidyanagar and New Vallabh Vidyanagar.

ABOUT BIRLA VISHVAKARMA MAHAVIDYALA (BVM)

BVM, the first degree engineering college of Gujarat State was established by Charutar Vidya Mandal in 1948 with the blessings of Sardar Vallabhbhai Patel. This engineering school is aimed to develop a skilled workforce to support the economic and social development of India. The college has continuously evolved to meet the changes, challenges and opportunities in the field of engineering. This premier seat of technical education has nurtured around 17000 alumni who have made their mark, nationally and internationally. Supported by a visionary management, dedicated

faculty and staff and vibrant student community, the institute offers a wide range of undergraduate, postgraduate and doctoral programs in Engineering.
