About the Trust

SHRI RAMKRISHNA SEVA

MANDAL is a registered society and a public trust established in the year 1954-55, managing more than 20 academic institutions. The trust believes in providing scientific and value based education by maintaining pace with the ever increasing needs of modern educational environment.

About the Institute

ANAND PHARMACY COLLEGE is one of the leading institute of Gujarat established in 1998 by Shri RamKrishna Seva Mandal. The institute is accredited by NAAC-UGC with CGPA 2.68.

Anand Pharmacy College offers B.Pharm, M.Pharm in Pharmaceutics, Pharmacology, Quality Assurance, Industrial Pharmacy and Ph.D. courses.

The institute regularly invites learned and eminent academicians, industrialists and dignitaries to deliver lectures and create an environment of enthusiasm and zeal among students and staff members for educational excellence.

About the IPA-Anand Branch

IPA- Anand Branch was inaugurated at Anand Pharmacy College, Anand on 4th December 2010. IPA-APC has more than 100 life and student members. Branch has organized various activities like Elocution Competition, NPW celebration, Participation in project India etc.

How to reach milk city of Gujarat?

The milk city Anand is one of the main nodes on the Mumbai-Ahmedabad National Highway No. 8. The Institute is situated in the heart of Anand city as a part of Shri RamKrishna Seva Mandal campus, near an area known as Town hall, at a distance of about 3 kms from the Anand Railway Station.

The transportation facility of bus, auto and taxi are regularly available from railway/bus station since early morning till late mid night.

Preamble

The purpose of the GxP quality guidelines is to ensure that a product is safe and meets its intended use. GxP guides quality manufacture in regulated industries including food, drugs, medical devices and cosmetics.

The most central aspects of GxP are:

- Traceability: the ability to reconstruct the development history of a drug or medical device.
- Accountability: the ability to resolve who has contributed what to the development and when.

Documentation is a critical tool for ensuring GxP adherence. Due to realization of the importance of quality GxP, it was felt necessary by our IPA- Anand Branch to organize a seminar in order to give exposure on the above mentioned topics to researchers, industrialists, teachers and student of pharmacy and allied field.

Objectives

The main objective is to provide details and knowledge about various facets of GMP, GLP and GCP.

Other objectives are as follows:

- ◆ Understanding of the compliance requirements for current Good Manufacturing Practice and Good Laboratory Practice guidelines
- ◆ Applying compliance protocols for generating data according to regulations.
- ◆ Understanding of GMP vs. GLP and Good Clinical Practices
- ◆ Learn how to effectively implement International GMP regulations and guidelines according to EU, WHO, FDA

Resource persons

Eminent resource persons from academia and industry will be the faculty for the seminar. They will provide in-depth information through lectures/discussions on relevant topics.

Eligibility

This Seminar is intended for the professionals in the research institute and pharmaceuticals/ allied industries, pharmacy teachers, research scholars and M. Pharm students.
