

INVITATION FOR INVITED LECTURE

We cordially solicit your presence in the lecture to be delivered by eminent scientist,

Prof. (Dr.) C.V. Ramakrishnan, Seattle, USA

(Former Head of Dept., Bio-chemistry,
The M.S.University of Baroda, Vadodara)

The topic of the lecturer is
"EFFECT OF PROTEIN MALNUTRITION
AND ENVIRONMENT ON BRAIN
DEVELOPMENT"

Venue : The Seminar Hall, ROFEL Shri
G.M.Bilakhia College of Pharmacy
Date : 23rd December 2010 at 3:00 pm

Principal, Faculty & Students
ROFEL, Shri G.M.Bilakhia College of
Pharmacy, Namdha Campus, Vapi

About : Dr. C.V. Ramakrishnan

Dr. C.V. Ramakrishnan is highly regarded as doyen and distinguished personality in Bio-chemistry. He was the first Head of the Department of Bio-chemistry at M.S.U., Baroda. He was specially invited by Dr. Jivraj Mehta and Dr. Hansa Mehta to lead the development in Bio-chemistry and Nutrition. He was a post doctoral research fellow at Madison, Wisconsin. He has many articles in reputed journals (including coveted **NATURE**) to his credit and has guided several students for their post graduate & doctoral research.

His son, Dr. Venkataraman Ramakrishnan, has recently won **Noble Prize** for his contribution in outstanding scientific research involving ribosome characteristics.
