KNOWLEDGE IS THE CURRENCY
FOR THE 21st CENTURY

About MEFGI

MEFGI has established its integrated campus at Rajkot running the professional courses in UG, PG and Ph.D. levels. The campus is fully ICT enabled, with air-conditioned class rooms, state of the art labs and libraries. MEFGI is also enriched with a dedicated and strong academic community who have migrated from leading institutions like IITs, IIMs. Faculty of Computer Applications (FCA) offering a 3-year full time program MCA, providing additional facilities to improve curricular, co-curricular and extra-curricular activities. Expert lectures, corporate talks and industry visits are inter-woven with the academics. Recently FCA has enrolled into MoU with IBM in order to provide value additions for the students enrolled; more such initiatives are in pipeline.

Seminar objectives

Safety and security have become two important aspects in the networking scenario. In this interconnected world, every IT professional and researcher is expected to know the security threats at various levels along with the possible protecting methods. This becomes the primary objective for the seminar. Secondly, it is believed that such a seminar would bring the Industry and the Academics to have a collaborated view on different problems and solutions.

Overview of Seminar

This National Seminar will throw the light on the following aspects:

- 1.Changing paradigms within cloud collaboration analytics & mobility.
- 2.Security in wireless sensor network
- 3.Security issues in sensor ad-hoc network
