**Report on 6th National Level Technical Symposium
Projections'11
on 17th & 18th February 2011**

6th National Level Technical Symposium was organized by Parul Institute of Engineering & Technology (In Association with Parul Institute of Technology, Parul Institute of Engineering & Technology (Diploma Studies) & Parul Polytechnic Institute) in support with Gujarat Council on Science & Technology- Gandhinagar, under the Technical Sponsorship of ISTE & IETE Students Chapter on 17th & 18th February, 2011.

Technical Symposium was held for the budding engineers to show case their talent & skills under a single roof & also to have a feel of the hidden competition among all the engineering students across the country.

About Projections:

Talent is hidden everywhere and providing a platform to enlighten it is very necessary and essential. Since year 2006, Parul Institute of Engineering & Technology-Limda has been providing such an important platform by organizing a National Level Technical Symposium, "Projections", under banner of ISTE & IETE student's chapter. Every year students of PIET come up with new theme of Projections and thousands of students all over India take part in this event. Last year we had received

overwhelming response with around 1000 entries in the event and same is continuing this year as well. **Parul Institute of Engineering & Technology has been awarded for the BEST ISTE Student Chapter of Gujarat Section in year 2008 & 2010.**

This year we had registered more than 1500 students, with around 200 student participants from the esteemed engineering institutes located outside Gujarat.

In the last six years, Team Projections-Parul Institute of Engineering & Technology had outstanding themes like 'Khadi', 'Global Warming', 'Innovations', etc. This year we came up with another noticeable theme 'Indian Mythology is Real Technology'.

This year we had organized a workshop on 'iSensebotz Elex' in association with ARK Techno systems-Mumbai & GREATSTEP, IIT, Kharagpur. We had received a great response by registering 50 teams. We had also received two teams from 8th Standard students of Navarachna School – Vadodara. Students Participants were highly satisfied by all the facility & technical support furnished to them for extensive 16 hours training.

Brief Report for 17th & 18th Feb, 2011 is given below with Event Photographs, Media Flashes & Conclusion at the end.

Day 1 (17th February, 2011-Thursday)

Inaugural Ceremony

6th National Level Technical Symposium was organized by Parul Institute of Engineering & Technology (In Association with Parul Institute of Technology, Parul Institute of Engineering & Technology (Diploma Studies) & Parul Polytechnic Institute) in support with Gujarat Council on Science & Technology- Gandhinagar, under the Technical Sponsorship of ISTE & IETE Students Chapter. It was inaugurated on 17th February, 2011(Thursday) by **Chief Guest Mr. Shashikant Patange, Head - Human Resources Linde Engineering India Pvt. Ltd.** – Vadodara subsidiary Linde-Germany, Guest of Honor Prof. Satish K Shah, Head of Electrical Engineering Department, FTE, Maharaja Sayaji Rao University of Vadodara & Chairman, IETE Vadodara Centre & Prof. Indrajit N. Patel, Applied Mechanics Department, B & B Institute of Technology, V. V. Nagar, Gujarat & Chairman, Gujarat Section, ISTE, New Delhi & Co-ordinator, Canada-India Project, B & B Institute of Technology V V Nagar, Gujarat.

Dr. Vilin P. Parekh, Principal delivered welcome speech and highlighted the importance & objectives of technical symposium. He talked about the projections & organizing such national level technical symposium to develop the skill set of the promising engineering students. By attending & participating in such program, students would be able to have the feel of real world technology & get an opportunity to show their talents & skills.

In the Inaugural Speech, Chief Guest, Mr. Shashikant Patange, Head HR, Linde Engineering Pvt Ltd - Vadodara shared his views on the role of the educational institutes for the overall development of the engineering students so as to support the Industry & Corporate. With education increasingly becoming the primary determinant of overall development in the emerging knowledge economy, Indian education seeks to become a meeting point for students, teachers, and all those who are concerned.

Educational Institutes are the cornerstone of the basic structure of the society through which we can build generations of intellectually and culturally sound individuals and get rid of all nodes eternal. He extended his best wishes to student participant & host institute for present & future endeavours.

In the Inaugural Speech, Guest of Honor, Prof. S. K. Shah, Chairman IETE Vadodara Centre gave away a motivational speech to encourage the engineering students. He talked about significance of National Technical Symposium to enhance the technical skills of the students. He also appreciated the efforts put by the host institute for providing the platform to interact with their fellow students from other part of the region & also it provides an interface to the industrial needs and help in getting internship & placement.

Conclusion:

6th National Level Technical Symposium was organized by Parul Institute of Engineering & Technology (In Association with Parul Institute of Technology, Parul Institute of Engineering & Technology (Diploma Studies) & Parul Polytechnic Institute) in support with Gujarat Council on Science & Technology- Gandhinagar, under the Technical Sponsorship of ISTE & IETE Students Chapters on 17th & 18th February, 2011. More than 1500 engineering students across the country had participated & made this event a grand success.

Technical Symposium was termed excellent by the majority of the student participants. They also showed their optimism for their participation next year.

We all are thankful to the Gujarat Council of Science & Technology - Gandhinagar along with the combined efforts of our Technical Sponsors, Co Sponsors, Robotic Partner, Workshop Partner, Banking Partner and Radio Partner to make this event a grand success.
