## ABOUT LOK JAGRUTI KENDRA

LokJagrutiKendra(LJK), established in the year 1982, is a charitable trust and a registered society. Shri B. M Peerzada, a prominent academician and the dean of commerce faculty, Gujarat University, took the challenge, to establish this trust. Today, more than 17 institute like LJ MBA,LJ MCA, LJ Pharmacy, LJ Engineering, LJ Polytechnic, LJ Commerce, LJ BBA, LJ BCA and LJ- IGNOU Center are functioning under LJK. LJK has three campuses in Ahmedabad: Vastrapur Campus, GNFC Tower Campus, and SG Highway Campus.

## ABOUT L.J. ENGG. & TECHNOLOGY

The Institute is committed to imbibe the sense of creativity, innovation, and discipline among the students besides their Teaching Learning Process at the Institute for the overall development. It is flourishing and progressing under the dynamic leadership of Dr. Manish D Shah, Vice President of LJK and Dr. C.R. Maiti as Director of the Institute. It offers five Undergraduate programmes: Electronics & Communication Engineering, Computer Engineering, Information Technology, Civil Engineering, Mechanical Engineering, and full time Management programme leading to award of B. E and MBA& MCA Degree of Gujarat Technological University. The Institute also offers post graduate programme in Electronics & Communication Engineering and plans to offer Post graduate and PhD programmes in other disciplines in coming years.

## OBJECTIVE OF PROGRAMME

Data mining is also termed as knowledge discovery. Data mining is the garnering of useful patterns and terms from data sources, such as texts, databases, and the internet. Data mining is very important as various fields like science, business and other areas deal with a humungous amount of data. As these data needs to be converted into meaningful content; and that's where data mining come into the picture. Many organizations all over have recognized the importance of data mining and have been using it to add a splurge to their income. The proposed staff development program (SDP) aims to enhance the knowledge and capability of faculty and staff participants and in turn will benefit the students.

## THE PROGRAMME

The two week AICTE sponsored and approved SDP on "Data Mining" will be conducted during 16 – 28 April, 2012.

## RESOURCE PERSONS

Experts from Industry& experienced faculty members from the well known universities dealing with the course will deliver the sessions.

## COURSE CONTENTS

- Data Mining
- Knowledge Pattern
- Data Mining Technique & Algorithm
- Web Mining
- Text Mining
- Time series Data Mining
- Application & Trends in Data Mining
- Recent Trends in Research Direction
