GUJARAT TECHNOLOGICAL UNIVERSITY BE – SEMESTER – VI (NEW).EXAMINATION – WINTER 2016

Subject Code: 2162307 Date: 24/10/2016 **Subject Name: Testing and Identification of Plastic Materials** Time: 10:30 AM to 01:00 PM **Total Marks: 70 Instructions:**

- 1. Attempt all questions.
- 2. Make suitable assumptions wherever necessary.
- 3. Figures to the right indicate full marks.
- Q.1 (a) Explain in details the Basic concepts of testing-specifications and Standards for 07 perform the testing of plastics.
 - (b) What is Flexural strength? Explain the test procedure and factors affecting on test 07 results as per ASTM D 790.
- Explain the significance, equipments, procedure and factor affecting of injection 07 Q.2 **(a)** moulding for specimen preparation of thermoplastic materials.
 - (b) Define tensile strength? What are the factors influence the tensile strength of 07 plastic material? Provide brief steps for performing tensile test

OR

- (b) Define Proportional Limit & Yield Point. Show and explain the stress-strain 07 behavior of various types of plastic material.
- Define VSP. Explain how this test is carried out for plastics material along With its 07 Q.3 **(a)** significance? 07
 - (b) Explain in details about Differential Scanning Calorimetry (DSC).

OR

- (a) Define Thermal Conductivity? How do you determine it for plastics by Guarded 07 Q.3 hot plate method?
 - Define HDT and explain the test procedure and its significance of the test. 07 **(b)**
- Write short notes on 07 0.4 (a) a) Creep b) Stress Relaxation c) Compression Test What is Impact Strength? List out the various types. Explain Charpy Impact Test. 07 **(b)** OR Explain the term Hardness. List the Hardness Tests used for Plastics. Explain **Q.4** 07 **(a)**

Rockwell Hardness Test Explain in details about Thermo gravimetric Analysis (TGA). 07 **(b)**

- Explain about the environment factors which affect Plastic products & remedies Q.5 07 **(a)** for same with example. 07
 - (b) Write short notes on a) Dielectric Constant b)Dissipation factor

OR

- Q.5 Explain the significance, equipments, procedure and factor affecting of 07 **(a)** Compression moulding for specimen preparation.
 - (b) Write about Flammability test for non rigid solid plastic product. 07
