0.5	(a)	Bood the following passage compfully and engage the greations of	Δ7
Q.5	(a)	Read the following passage carefully and answer the questions given below it.	07

India has a very high potential for wind energy utilization. Several high wind density areas have been identified. Considerable amount of work in tapping this resource is in progress. Several models of wind pumps have been developed and installed throughout the country. Regional wind energy test stations for technology adaptation, performance evaluation, testing and training have been set up by the Department of Non-conventional energy sources, Government of India, with a view to encouraging development and adaptation of wind pumps and small battery chargers. A good deal of work to convert wind energy into power has been done, and a number of systems have been set up at Puri (Orissa), Okha (Gujarat), Tuticorin (Tamilnadu) etc.

Ouestions:

- (1) What does India have?
- (2) What have been and installed throughout the country?
- (3) Who encourages the development of and adaptation of wind pump?
