## GUJARAT TECHNOLOGICAL UNIVERSITY M.E – SEMESTER II • EXAMINATION – SUMMER - 2017

Subject Code:2722410 Dat Subject Name: Additives & Compounding			te:26/05/2017	
Tir	ne: () cructio	2:30 PM to 05:00 PM Total Marks: ons: Attempt all questions. Make suitable assumptions wherever necessary.	70	
Q.1	(a) (b)	Describe in detail, the role of plasticizers on PVC. Give mechanism. Explain (a) Halogenated fire retardants (b) Mechanism of Lubricants.	07 07	
Q.2	(a) (b)	Write a brief notes on the Flame retardant. How non-chlorinated flame retardant works? Write note on the UV and Heat stabilizer with examples?	07 07	
	(b)	<b>OR</b> Explain with Examples (i) Colorants (ii) Classification of antioxidants.	07	
Q.3	(a)	Describes the all types of requirements for efficient additives. Give various methods of incorporation of additives in polymer materials.	07	
	(b)	Write down the various functional elements of a High speed mixture with a neat diagram.	07	
		OR		
Q.3	(a) (b)	Briefly explain how antioxidant works with examples and mechanism. Explain the various steps involved in compounding process of PVC.	07 07	
Q.4	(a) (b)	What are filler additives? Give brief classification with examples. Write down the name of the plastics which are used very frequently for food packaging, transport and Agricultural applications. OR	07 07	
Q.4	<b>(a)</b>	Write down the various functional elements of a twin screw extruder with a	07	
	(b)	neat diagram. Draw a schematic diagram of an intensive mixer, indicating the various parts. Explain their functions and applications.	07	
Q.5	(a) (b)	Write note on impact modifiers. Explain with examples. What are different types of plastic gears? Mention the materials for plastic gear with mechanism.	07 07	
05	(a)	<b>OR</b> Write down the uses of plastics in medical and agriculture.	07	
Q.5	(a) (b)	Write a brief notes on the Compounding of Two roll mill.	07 07
