## **GUJARAT TECHNOLOGICAL UNIVERSITY** PDDC - SEMESTER – VII • EXAMINATION – WINTER 2012

## Subject code: X 71902 Subject Name: Production Technology Time: 10.30 am - 01.00 pm Instructions:

1. Attempt all questions.

Date: 27/12/2012 Total Marks: 70

## 2. Make suitable assumptions wherever necessary. 3. Figures to the right indicate full marks. Q.1 (a) Sketch the elements of the single point cutting tool and explain 07 significance of each of them. (b) Define the tool life and explain the factors affecting the tool life. 07 Q.2 (a) List the common gear manufacturing methods and explain any three of 07 them. (b) Following data was obtained during an orthogonal cutting operation on 07 a seamless tube of 38mm outside diameter with a HSS tool. Cutting speed: 0.2 m/s, Rake angle: 20°, Feed rate: 0.128 mm/rev, Length of continuous chip in one revolution: 64 mm, Cutting force: 101 N, Feed force: 40 N. Find the velocities of shear and chip flow. OR (b) How does Oblique cutting differ from orthogonal cutting? Discuss 07 different types of chips. Q.3 (a) What is location system? Explain different types of locators. 07 (b) Classify the types of Presses. 07 OR (a) Define jigs and fixtures and discuss different types of clamping Q.3 07 devices. (b) Sketch and explain different types of drill bushes. 07 (a) With sketch explain different types of forming operations. **Q.4** 07 (b) Classify common machine tool drives. 07 OR (a) List the principal requirements of the guide ways and explain various **Q.4** 07 types of slide ways. (b) Compare capstan lathe with turret lathe and explain turret tool layout. 07 Q.5 (a) List the chief draw backs of the conventional machining processes 07 which lead to develop unconventional machining processes. (b) With schematic set up explain working of Water Jet Machining and 07 specify its advantages and disadvantages. OR Q.5 (a) With schematic set up explain working of Electro Chemical Machining 07 and specify its advantages and disadvantages. List the advantages and disadvantages of unconventional machining 07 **(b)** processes.
