

Expert Opinion About GTU'S Research Week For Faculty of Pharmacy Research Week Schedule (03/04/2013 to 16/04/2013)

Date of Research Week :- 05/04/2013

Dr Padmin Buch (Industry expert GITCO) : "Its different. One very good initiative, where all stakeholders are getting together. Best part is that the students are coming to one place. It is very methodical, systematic.

Suggestions : student effort is sincere. Students must work on active pharmaceutical ingredients. Students must be given a brief out of GTU before all the presentations."

Dr Rema Razdan (Rajiv Gandhi Univ Bangalore): " It's a novel idea, such reviews were never done earlier by other universities. Idea of exposing the students to various experts will enlighten the students. There is accountability. Good follow up is there."

Suggestions: "Scientific temper can be improved. Guide must sit when students are presenting."

Dr Kamala Vasu (PERD centre) : "It is good to grab the potential of the experts for the students. Students were free. There should be a motivation for the students.

Suggestions: There is always a scope of improvement .One or two talks must be included with the programme."
