

## **Expert Opinion About GTU'S Research Week For Faculty of Pharmacy**

**Research Week Schedule ( 03/04/2013 to 16/04/2013)**

**Date of Research Week :- 12/04/2013**

**Dr. Vallabh Pansuriya(VP – R&D, J.R. Chemicals):**

Research week objective is very good. The evaluation pattern is selected from different collages.

Students need more guideline to improve their work. Some students are potential and novel in research aim.

**Suggestions:** University can demand quality of work/ research from student and award the degree based on their calibre.

**Dr. K.S.Jain (Professor & Director of research , Sinhgad Inst. Of Pharmacy, Pune ):**

Research week is a very good gesture by GTU I have come here for the 4<sup>th</sup> time. The students work is good they are well prepared. I am very happy with today's presentations. Some 4to 5 presentation were extraordinary which can lead to innovation in future and university can look forward to patent them once finished.

**Suggestions:** Students curriculum should be divided properly so that they get proper time to finish project work.

**Dr. B.G.Prajapati (Associate Professor, Ganpat University)**

It is totally innovative approach by visionary Dr. Akshai Aggrawal. This project will give upliftment to student's research quality. Students work and research was as per the need of society.

**Suggestions:** University is already doing good job and continuing it will bring better results.

**Mr.Nrupesh Patel (Nirma University):**

The research week is a really good step of GTU. It helps student to improvise their work.

**Suggestions:** University should provide some e-general packages benefits to students by availing it in some computers to read. University should also set a central library to study more literature and a central laboratory to do research.

**Dr.BibhuranjanPanigrahi(Asst. Manager – Dr. Reddy’s Lab):**

“It really gave me a great pleasure by going through the way of initiative taken by GTU”. The works of students are somewhat satisfactory but a lot many improvements can be made to achieve the real milestone. It is really a different and distinguished approach to evaluate and enhance the research work so far as the technical course is concerned.

**Suggestions:** University should be equipped for students with necessary facility.
