

Expert Opinion about GTU'S Research Week For Faculty of Pharmacy
Research Week Schedule (03/04/2013 to 16/04/2013)

Date of Research Week: - 13/04/2013

Dr. Pramil Tiwari(NIPER) Research week well thought meticulously conducted. Good initiative that's need to be sustained. Students had to opportunity to talk or to assess and motivated. I believe GTU can catalyse to meet their aspirations.”

Suggestions: University must be catalyst by understanding their needs & offering the platform to fulfil those.

Dr Sunita Dahiya(Globus Collage of Pharmacy) “ research week is excellent. Students are work sincerely and impressively. They can strengthen the literature search and give more emphasis on characterization part. They should highlight potential of work over existing products”

Suggestions: University can provide facilities so that students can easily access research and review articles of peer review journal with high impact factor. This can improve their knowledge and review of literature

Dr. Tushar Mehta: “Approach is good .GTU provide good research project and Infrastructure.” But Interaction with student and faculty is very less.

Suggestions: Student needs real improvement in subject Knowledge. They are doing it as attending a simple lecture but not understanding the basic of research element of the project and platform.
