

Expert Opinion About GTU'S Research Week For Faculty of Management

Research Week Schedule (24/04/2013 to 27/04/2013)

Date of Research Week :- 24/04/2013

Dr. Venkateshwarlu (Professor, Accounting and Finance, National Institute of Industrial Engineering, Mumbai)

I go to many institutes and universities; I have never seen such efforts by any university that GTU have taken. It is very helpful to students and faculties too. Such activities make students serious. Few students had done very good job. Students of GTU are serious and disciplined compared to the students I have reviewed before in other places.

Suggestions: Involvement of guide is mandatory and university should make sure of their presence.

Dr. Charles Savage (Guest faculty from Germany)

Organizing such Research Week is a great idea. When we did our studies we did not have such facilities. It is a wonderful thing under the leadership of Dr. Akshai Aggarwal. He can bring GTU at world level with such efforts. Topics of the students were good and they I am impressed with their determination. Faculties should guide students to ask right questions.

Suggestions: Students need to understand that while performing Ph.D. they are transforming from a student to a self-sufficient person.

Dr. Nand Dhameja (Professor, MDI, Gurgaon)

Research Week was a good event. Participants were not well prepared. Concepts were not clear. They need more inputs from supervisor. More and more reviews should be done. In many students titles of research and objectives were not matching. Some students had done very good job. More of the topics were on microfinance, it should be diversified.

Suggestions: Organize reviews multiple times and increase the involvement of supervisors.

Workshop Subject: "PE Disinvestment – Process & Policy: A strategy towards PE reforms"
