

Expert Opinion About GTU'S Research Week For Faculty of Management

Research Week Schedule (24/04/2013 to 27/04/2013)

Date of Research Week: - 25/04/2013

Dr.C P Shrimali (Professor, MDI, Gurgaon):

First of all he congratulated the University for the Improvement in the quality of the research each year. He said that Review and presentations more than 3 times helps students to improve the quality of their work. The research week can help student a lot. It is quite impressive to see that Dr. Aggarwal wants to bring university on international level utilizing global reach and high performance work environment.

Suggestions:More intensive research methodology workshops need to be done. Students should be more equipped with library for literature study and should also have video conferencing facility for

Dr. Pramod Varma (Former Professor, IIMA)

Research Week is a very good idea. It gives all the participants an opportunity to meet the experts and also discuss issues with them. This occasion is useful to them because they can understand each other's difficulties and resolve the corrections. When they are at difficult stage of the thesis students need to understand what they wanted to do and learn the specific instruments to undertake research work.

Suggestions: It is necessary to identify a. Research Methods and b. Statical methods to do the work that is qualitative in nature and students need to have some understanding of static goals.
