4.	GTU's Form Content / Communication Skills	7
5.	Question and Answer	7
6.	Related Study and Literature Review	3
7.	Work Plan / Schedule	3
	TOTAL	**50**

Notes:
- The students of MCA will be submitting their project definitions in the 5th Semester while they will be doing the project work in the final (i.e. 6th) Semester.
- User-defined (i.e. internal) projects are welcome as long as the proposed project has an application potential either in industry, or a service organization, or a social organization, or a government/semi-government organization, or society at large.
- The project definition will be allowed to be changed only once.
- The first set of definitions are to be submitted latest by August 23, 2011.
- The final set of definitions (including changed definitions) must be submitted before October 31, 2011.
- The marks will be given on the final version of definitions after October 31, 2011.
