**Babaria Institute of Technology, BITS edu campus –Varnama , Vadodara
Organizes**

“Shodh-Yatra-2012”

For Identifying and Resolving Real Problems in Industries

The Babaria institute of Technology (BIT), **BITS edu campus, Varnama, Vadodara** is leading institute imparting formal education in various degree courses in technical field. Along with the class room teaching the students are advised to take industrial experience by interacting with industrial people to know their problems and help them to sort out the solution their IDP problems. Generally the final year’s students allow visiting industry to carry out their project of their interest as apart of the “**Shodh Yatra**” as guided by the GTU innovation Council to produce quality and real-life projects in technical education by identifying the problem in various areas of industry.

UDISHA Club members at Babaria Institute of Technology, Varnama, Vadodara, Organized a SHODH-YATRA during the month of **June-2012** by visiting different industries and under gone the training programme to study their problems. The out come of the shodh yatra gained lot of momentum and students are came out with industries projects they want to carry out in collaboration with industries. The students of BIT learn the actual problem faced by the industry and also to know the type of man power required for their industries.

The list of such students of Mechanical Engineering, Electrical Engineering, E&C and Computer Science and Engineering of Babaria Institute of Technology, BITS edu campus –Varnama , Vadodara completed their Shodh Yatra along with name of the industries.
