Campus, Navrangpura, Ahmedabad-380015, Gujarat.

Announces New Innovative Programme **M. E. (Chemical) Project Management in** **Chemical Industries Academic Year 2012-13**

Salient Features:

In today's global and fast paced environment, success on complex project cannot be guaranteed by technical competence alone, consequently there is a need of reality based project management skills and expertise. The Gujarat Technological University take steps in to fulfill these requirements of industry-ready-pass-outs by starting a unique course in "Project Management for Chemical Industries" in collaboration with L & T Institute of Project Management, Vadodara. This is a distinctive Post Graduate Academic Program of its kind, offered for the first time in India dedicated to "Project Management in Chemical Industries". Our program emphasizes more on industry oriented skill development where candidates will eventually study complete life cycle process in Chemical Industry. This course covers Technical, Design, Management, Financial and other aspect of Chemical and Allied Industry Projects. This program encourages effective interaction with industry professionals and University experts.

The program offered by Gujarat Technology University will be conducted at L & T Institute of Project Management, Chiyoda, Vadodara.
