

## *Call to the GTU Colleges*

### *Organize Workshops at your campus* for *Developing Mobile Applications*

GTU Board for Mobile Computing and Wireless Technologies has been organizing Workshops for learning Mobile Application Development since June 20, 2011. A new set of 2-day Workshops at week-ends are planned in GTU Colleges across the State.

The first set of Workshops on Android will cover the following features:

- Activity, Service, Broadcast Receiver
- SQLite, Email/SMS, Location
- XML/JSON & Web Services
- Contacts Content Provider
- Targeting Multiple Screen Resolutions
- Best Practices

Application development process will be covered by experienced Trainers from DEV IT Solutions (<http://www.devitsolutions.com/>).

If your College wants to organize such a Workshop, **the Principal/Director should mail us at [patovc@gtu.edu.in](mailto:patovc@gtu.edu.in) before 15<sup>th</sup> March 2012.**

#### **Requirements to organize workshops at your college:**

- LAB with up to 100 systems or laptop with Android/Eclipse installed.
- LCD Projector.

The first Workshop is likely to be conducted on 31<sup>st</sup> March-1<sup>st</sup> April 2012.

Every Workshop will be announced on GTU web-site with the Workshop Co-coordinator's e-mail address. Any GTU faculty and student may apply for the Workshop and seats will be allocated on a first-cum-first-serve-basis.
