

Introduction

As per the GTU's newly revised syllabus for Diploma Engineering branches, syllabus of English is also redesigned with the effect from August 2012. It is believed and felt by the Curriculum Development Committee for English that the newly designed syllabus of English must incorporate the Functional Approach and Communicative Approach. It is proposed that the faculty members of English from the Diploma polytechnics all over Gujarat should be made aware of all these changes. To orient them, a one-day orientation programme (FDP) is arranged in which the key resource person introduces the change in the pattern of the syllabus, uniform teaching methodology and paper scheme. Importance of using English language

One day Faculty Development

Programme for Faculty of

English (Diploma Engineering)

on 15th September, 2012

Venue

Ahmedabad Management Association
Near IIM, Panjarapole
Ahmedabad
