

Gujarat Technological University

Organizes

One Day Workshop on

“Patent Search Methodology”

For Engineering Faculties of Mehsana Sankul of GTU

On 29th September, 2012, Saturday

ABOUT THE PROGRAMME

After successful completion of seven different Two days Workshop of “Patenting in Engineering” at different zone of GTU along with one workshop on “Patenting in Pharmaceuticals” during September 2011 to June 2012, so far nearly **1000 faculty members** have been trained in the aspect of basics of Patents and IPR, Patent Search, Drafting and Filing of the same in the last academic year. Simultaneously awareness seminar on IPR was also conducted for engineering students wherein nearly **1000 students** sensitized at different zone for the same.

Now in this current semester, when students of semester VII are going to identify and finalize their topics for IDP / UDP, it is necessary that if the said topics will be selected after thorough Patent Search then it will make more possibility for Patentable projects. This will add values in the research done by the students at grass root level and by and large boost up the goal of university to progress towards world class research oriented university.

Therefore in the Phase 1, GTU has decided to organize One Day workshops on “*Patent Search Methodology*” for the faculty of Engineering at different zone level. Simultaneously in Phase-2, the awareness and Patent search workshop will be organized for the Engineering Students too.
