

Polytechnics in Gujarat

Diploma Institutes are, basically, governed by Commissionerate of Technical Education, Gujarat State, various private aided trusts and private self-financing trust/bodied. In Gujarat State the numbers of total Diploma Institutes are 93 and the number of seats is approximately 55,000. The Gujarat Technology is the largest University in Gujarat and has, recently, launched it's new Curriculum. It is based on the large survey and the needs of different kinds of Industry. Diploma Engineering has contributed in Gujarat State for long time, when there were very few Engineering Colleges/Institutes including two Government Colleges - L D College of Engineering, Ahmedabad and L E College, Morbi. Even today, the Diploma Engineering Institutes are having great Importance in Academics and Industries. Let's flourish the Diploma Studies.

Gujarat Technological University

GTU offers affiliation to various technical AICTE approved Diploma, Degree and Master's programs in Gujarat State. About more than 92,000 students enrolled in the academic year 2010 - 2011 for various courses.

GTU has fetched the very prestigious MANTHAN AWARD SOUTH ASIA 2009 for the innovation and ICT content in its application. GTU has been awarded the Information Communication Technology (ICT) Enabled University for the year award by the Jury in the E - India 2009 award ceremony held at Hyderabad International Convention Centre.

Advanced Mathematics A REVIEW

Recently, GTU has launched a new curriculum in various branches of Diploma Engineering. Mathematics is an important subject and all the branches have to study Mathematics.

The present workshop is arranged for the faculties to have a REVIEW of new curriculum and especially for types of QUESTIONS and QUESTION PAPER and also to exchange the ideas/views of experience faculties. Even, we have new faculties in many Institutes, from whom we may have innovative ideas and modern thinking. Moreover, we share the common platform and better understanding with various regions of Gujarat. Hope this will help to steer and motivate the New Century students', and of course, the faculties, too.

- We wish to achieve better quality Teaching-Learning process.
- Enhance the technological Mathematics to all students and can develop positive Mathematical tools to have batter skilled Diploma Engineers.
