Anantyaam - Newsletter for GTU PG Research Centres

CALL FOR ARTICLES/PAPERS

GTU PG Research Centres, Invites articles/papers from students/research scholars/professors for the **Special Issue of Anantyaam Vo. II.**

GTU is publishing a special Issue of Anantyaam in the context of the Statue of Unity being put up on an island called Sadhu Bet in Narmada directly facing the Sardar Sarovar Dam. The special issue will have papers/articles on the following themes: (Papers on other aspects of Sardar Vallabhbhai Patel's life will also be considered)

- Unifying the Country by merging 562 small and big princely states of India. The papers may be on the themes of the scenario that could have developed in the country, had it not been unified.
- Economic scenario in case Sardar Patel's ideas on the development of the country were accepted right at the time of independence. In this connection J.R.D. Tata's reference, in his autobiography, to his

interactions with Pandit Jawaharlal Nehru and Sardar Vallabhbhai Patel after independence, may be valuable. J.R.D. Tata was a nationalist and had contributed largely to the preparation of the Bombay Plan of December 1944 for the development of India. He has stated that, even though he had good social rapport with Pandit Nehru, it became difficult to discuss openly and dispassionately the issues of national development with him. On the other hand, the discussions with Sardar Patel were always rejuvenating. In case the first government of free India had worked jointly with the leaders of the industry and in case an environment of distrust had not been established between the government and the nationalist businessmen, India might have developed much faster and the issues of black money might not have assumed the gargantuan size that these have reached today.

- **Good Governance:**

During the brief period that Sardar Patel remained as the First Home Minister of India, he showed his sterling qualities as a great Administrator. Papers on what could have been achieved in bringing good governance to India, if he had remained alive for a decade after independence, will be welcome.

Papers/Articles related to the above mentioned issues will be considered for **publication in the upcoming Anantyam, Vol. II.**

Submission Guidelines

The manuscript should conform to:

Length	Article/Paper of 1000-2000 words excluding title / cover page / abstract
Font Type & Size	Times New Roman 12 Points
Line Spacing & Page Margins	1.5 inch with page margin of 1 inch all around
