

## Expert Opinion about GTU'S Research week commenced from 18<sup>th</sup> March 2013 .

Date : 22-03-2013

GTU organized a research week starting from 18 th March 2013 for all its students from M E and PHD External examiners from foreign universities and different IIT s along with many other professors from GTU Affiliated colleges reviewed the projects and presentations made by the students regarding these projects. Some of their views are as follows:

Prof Arun Somani (IOWA state university ): “50 % projects are at par with US projects .”

Dr Giovanni Zangari (univ of Virginia): “GTU students are always well prepared. Young students are dedicated and engaged in research work.”

Dr Teresa Dahlberg(university of North Carolina): “This is a great thing .I am really happy to come here.Students are dedicated .GTU is working a lot for its students.”

Dr Vinay Dayal (IOWA State University ): “ I am enjoying .The idea of foreign experts and external examiners reviewing projects is great.”

Dr Ramki Thirumella(university of Denver ): “I am honoured to come here and help students in their projects.It is good to have external examiners to review students’ projects.The ViceChancellor of GTU Dr Akshai Aggarwal has made good efforts to improve the quality of the students.”

Dr Gaurav Sharma (univ of Rochester ):“This is a wonderful thing .External review provides great opportunity for the students to make their projects flawless.”

## Expert Opinion about GTU'S Research week commenced from 18th March 2013

26/03/2013

**Dr. Raghu Echempati(University of Florida,Ohio State Univ,USA,visiting faculty at IIT Gandhinagar):**“ There are some extremely good quality projects .They are very high level real industrial projects,students have made good choices.I am very impressed.”

**Dr. Patrick Patterson (Texas Tech University) :** “This is a unique idea ,it is wonderful .Projects are tough ,innovative ,quite different and interesting.All projects must work and must be patented, so that they can be presented at international level.I am impressed.”

**Dr Deepanakar Choudhary(IIT Bombay):** “GTU'S concept is excellent .Some projects are really challenging ,they must be taken further ahead.They must be patented ,very good projects must be published in journals.”

**Dr .Shiv Shenmugam (NIT Trichy):** “This is a very good idea.Such concept is not available in our institutes, we will insist our institutes to do the same.”
