Gujarat Technological University

(http://www.gtu.ac.in/)

GTU organizes final meeting of the DSTU Research Project and CCI Technology Education Excellence Awards 2013 on 18th May 2013.

Invitation to the Deans, Trustees/Principals of the GTU affiliated Institutes

GTU has been working on the research project of **Designing the Structure of Technology Universities(DSTU)** since 27th April 2011. The initial work was done by the GTU Skills Council for Human Resource Studies & Organizational Structures (GTU- CHRSOS). In April 2012 were set up the Post-graduate Research Center for Technology Education, Public Policy and Universities of the 21st Century and the Post-graduate Research Center for Governance Systems in Businesses, Industries, Universities, Hospitals, NGOs and Governments. The Skills Council and the two Centers took up the research project jointly through a DSTU Core Group. **The fifth plenary meeting of the Research Project is scheduled on 18th May 2013.**

Venue: - Paryavaran Mandir, Naroda,
Sardar Patel Ring Road, (next to Takshashila Residency,   Odhav Arbuda road, near Odhav   Cross road, Old Panjrapole Circle),
Ahmedabad

Date: - 18th May, 2013

Time: - 10:15 AM to 5.30 PM

For this meeting we have invited so many experts also have got acceptation from various universities Vice Chancellors and Registrar. DSTU, as a continuing project, may help GTU to develop and grow in the right directions and to continuously change and improve it. But the first few steps of DSTU may prove to be of great importance since these may help the University set up the first structure from which it may progressively be able to evolve and serve its objectives.

The objective of this project is:
- ➢ To develop a system of Governance by which GTU is able to integrate education, training and research in its four disciplines namely Engineering, Pharmacy, Management and Computer Application at the level of Diploma, Degree, Post Graduation and Research.
- ➢ To identify those organizational components which are needed to pursue the objective of GTU and to monitor its activities related to admission, education, training, research, industry interaction, inter institute collaboration and international collaborations.
- ➢ To sensitize the members in all the institutions at all levels and to encourage them to put in their best efforts in making GTU a World Class Technological University.

CCI Technology Education Excellence Awards 2013

Gujarat Technological University (GTU) has set up 25 GTU Innovation Sankuls all across Gujarat. Each Sankul provides a platform for Colleges and surrounding industries to work together. A Sankul committee is co-chaired by a senior academician and an industry leader.

The Consortium of Co-Chairpersons -Industry (CCI) has decided to give annual awards to recognize the excellence in different aspects of working of technology Universities. A technology university can present the work done during the last two years for the award.

The CCI Technology Education Excellence Awards 2013 are being organized jointly with Communication Multimedia Applications Infrastructure (CMAI) Association of India (www.cmai.asia and www.cmaievents.com). CMAI is India's largest ICT association with 48,500 members and 54 MOU partners across the globe. ASSOCHAM, a national Chamber of Commerce and Industries, has agreed to join the project and has come forward to constitute a Jury, which will have 50% members from CMAI. This Jury would be able to transparently adjudge the entries on their merit.

Tentative Program: Part 2: CCI Technology Education Excellence Awards 2013:

Session 5: Award Function   4.30 to 5.30 PM
