

Dean's Council condemns Allegation against Dr. M. N. Patel

"The council of deans and members of various committees at Gujarat Technological University are committed to work for the better education as well as educational systems for our students. In order to maintain healthy eco-system of the university and punish the ~~wrong~~ defaulters ~~doers~~, GTU has to take harsh steps in certain matters. Since last few days, we are observing some disturbing activities, especially against our Director Dr. M. N. Patel sir. We have been witnessing the dedication & commitment of Dr. M. N. Patel in all the matters since years now. He has always been kind and eager to solve the students' related issues at GTU as well as ACPC.

Council of deans hereby condemn such baseless allegations made by some individuals and extend our full faith & support to Dr. M. N. Patel."
