

Gujarat Technological University

Centre for Business Ethics & CSR

**A Seminar on Global Quality Management and Lean Six Sigma
on 23rd August, 2014 (Saturday) 10:30 AM
Vanue: GTU, Chandkheda Campus, Ahmedabad.**

About the Seminar:

At GTU, we believe that our educational system is a strategic asset that is critically important for a strong and robust economy. In fact it is essential for our very survival. We can no longer ignore the decline of these strategic assets. This one day introductory Seminar is a small step towards this vision.

In order to survive and prosper in a competitive environment Managers, Engineers, Technologists and Faculty Members need to understand the principles of EQLSS -Excellence in Quality Management, Lean methodology, Six Sigma in Business. The EQLSS is unique in providing knowledge and skills in all major dimensions of today's business.

Firstly it builds a business foundation with the global quality management system and then focuses on operational excellence by learning and implementing LEAN methodology originated by Toyota Motor Company in Japan. The Seminar also focuses on Six Sigma enabling the participants to learn about cost saving techniques, problem solving and defects / variation reduction techniques that can add 15% to 20% to the business bottom line net profits. Various Japanese Techniques will be also teach in the seminar which shall be useful in real life & career ahead, in service sector or manufacturing sector.

Methodologies for Business PROCESS Excellence:
