# GUJARAT TECHNOLOGICAL UNIVERSITY

**(Established Under Gujarat Act. No.:20 of 2007)**

Ref:GTU/R&D/EO/IUCEE/SPEED/2014/5897                    Date:27/8/2014

## CIRCULAR

### IUCEE-SPEED is conducting several regional student leadership workshops in various parts of India

IUCEE has joined hands with SPEED, a global student organization to empower students to become a factor of change in Engineering Education by providing them with the skills, knowledge and resources necessary to become a global engineer and show them how they can think globally and act locally. More details about SPEED are at http://www.worldspeed.org/portal/. The theme for these workshops is "21st Century Grand Challenges of Engineering". The Regional workshops will be a preparation for the Indian Student Forum ISF 2015 to be held in Bangalore, India on January 5 and 6, 2015. ISF 2015 will have the same theme. ISF 2015 will precede the Second International Conference on Transformations in Engineering Education (ICTIEE 2015): https://www.ictiee.org/

These regional workshops will help develop regional voice of students with respect to the topic, and help them in creating action plans which can be implemented locally, resulting in real time projects. The workshop duration is 3 days. The first day starts in the morning and includes a ice breaking session, few group activities and introduction to the theme of the workshop. The second day starts with a presentation on the importance of action plan development followed by development of action plans by the participants by exploring the theme and involves presentation of the action plans by various groups to the peer of the colleges. The third day will have participants presenting their action plans and conclude by evening. Participants are expected to spend the nights at the location. The workshops are facilitated by 3 experienced SPEED members from across the country.

**_You are invited to send a team of 5 to 7 students from your college to one of these IUCEE-SPEED workshops._** Participants can be from _B.Tech 2nd and 3rd year_ and _M.Tech 1st year_. _SPEED requests that the student's participants attending the workshops display the following characteristics: leaders in local student organizations, socially motivated, communication inclined professional students with ambitions to change the world._

Below are details for IUCEE-SPEED regional student workshops this year.

| Date | Venue | Contact Person | Email Id | Mobile |
|---|---|---|---|---|
| 8th - 10th September | KLU University, Vijayawada, AP | Dr. LSS Reddy | drlssreddy@kluniversity.in | ----- |
| 8th - 10th September | BMS College of Engineering, Bangalore, KN | Prof. S. Lalitha | bmsce_speed@bmsce.ac.in | 9886252648 |
| 15th - 17th September | Vidya Jyothi Institute of Technology, Hyderabad, | Dr. Laxmi Ramana | laxmiramana@vjit.ac.in | 9177227283 |

| | Telangana | | | |
|---|---|---|---|---|
| 15th - 17th September | Rajarambapu Institute of Technology, Islampur, MH | Prof. Subodh S Ingaleshwar | subodh.ingleshwar@ritindia.edu | 8600600278 |
| 15th - 17th September | Guru Nanak Institute of Technology, Hyderabad, Telangana | Ms. K.Vijayalakshmi | vldms@yahoo.com | 9849663621 |
| 15th - 17th September | SR Engineering College, Warangal, Telangana | Prof. M.M. Irfan | subbarao_ka@yahoo.com | 9704324255 |
| 15th - 17th September | DY Patil Institute of Engineering and Technology, Pimpri, MH | Dr. Anju Kulkarni | anju_k64@yahoo.co.in | 9850896653 |
| 17th - 19th September | Dronacharya College Engineering, Greater Noida, UP | Prof. T.P.N.Singh | tpn.singh@gnindia.dronacharya.info | 8826006878 |

Participants will need to pay a registration fee which will include workshop charges, food and accommodation. *Registration fee will be notified by host college and is expected to range from Rs. 1,000 to Rs. 1,500 per student*. Participants are expected so spend the nights at the accommodation provided by the host college. Some general details about the workshops are at link: http://iucee.com/speed/

After the workshops, *participants are expected to form IUCEE-SPEED Chapters at their institutions. Representatives from these chapters will come together at Indian Student Forum in January 2015*.

If interested, please register your students by emailing Rohit Kandakatla, President, SPEED India at rohit.kandakatla@worldspeed.org. Details about accommodations and fees can be obtained from contacts listed for each host college above.
