Student Startup Support System (S4)

# Flash Venture

Date: Sunday, 16/02/2014

Time: 10:00AM to 5:00PM

S4 is now hosting a unique hands-on workshop for making" Flash Ventures" on 16<sup>th</sup> Feb 2014 at S4 Co-Creation (S4-C3) Space at GTU Ahd campus. Many national experts including team from Open Fuel and from outside and volunteers at GIC, S4 have co-created this idea to take it on floor. This" Idea Fuel" initiative is a flash venture making program where an ideation workshop goes through stages of problem identification, problem solving, and 'customer' interviews, prototype designing, and design-redesign loop. The flash venture workshop is typically attended by students who work in teams to solve a problem, apply design thinking methodologies and learn about creating a new venture. The teams then proceed through the various stages as described above. Students from Engineering, MBA, MCA and other streams can participate.

This model has been successfully attempted at SVNIT Surat and NIT Warangal by banking upon experts from Stanford and other universities.
