

GUJARAT TECHNOLOGICAL UNIVERSITY

INTERNATIONAL EXPERIENCE PROGRAM

Since the summer of 2011, GTU students go to study in foreign Universities. At present GTU students from a large number of Colleges are studying in US, Canadian and German Universities. We have received feedback from some of the students of Parul group of institutions through Dr Devanshu Patel:

Kansas State University

The students said that GTU'S IEP at Kansas State University is "Once in a Life Time Experience".

Kunal Patel, from Mechanical Engineering, says, "Sir, it is an amazing opportunity for all of us to get a global exposure in USA. It is a result of continuous guidance & awareness from International Relationship Cell of Parul Group of Institutes which organizes repetitive seminars for this kind of Exchange Programs & Interaction with Seniors. Here during this one week time, we learnt lots of new things. The way of teaching & examination style is very Innovative. Professors emphasize a lot on research, practical work & daily class tests."

GUJARAT TECHNOLOGICAL UNIVERSITY

INTERNATIONAL EXPERIENCE PROGRAM

Laurentian University

Dr Devanshu Patel says, "The students are really happy for being a part of this IEP. The feedback of the students is really overwhelming.

Thank you for this wonderful opportunity provided to our students."
