

# Gujarat Technological University

Center for Technology Education, Public Policy and Universities of  
the 21<sup>st</sup> Century (CeTEPU-21)  
including GTU's  
Academic Staff College

## *7<sup>th</sup> Seminar on “Designing the Structure of Technology Universities” (DSTU) and 2<sup>nd</sup> CCI Technology Education Excellence Awards 2014 on Saturday, 19<sup>th</sup> July, 2014*

GTU has established its fourteen Post-graduate Research Centres in the field of Engineering, Management and Pharmacy. Every Centre is studying the technology, the management systems, the environment, the systems for evaluating the success and the policy issues for every facet of its area of interest. Each centre develops its own research and establishes relationships with similar Centres in other Universities all over the world. Every Centre invites the experts to come and address its researchers and work with them.

Towards setting up the **GTU's Centre for the Technology Education, Public Policy and Universities of the 21st century (GTU-CeTEPU-21)** the centre has initiated research project called "**Designing the Structure of Technology Universities (DSTU)** of the 21st century.

### About the DSTU Seminar

**For this seminar we have we have invited and also get acceptance from around 30 Vice Chancellors and Directors from all over the country to participate and share their views in the seminar on “Designing the Structures of Technology Universities (DSTU).**

GTU has conducted extensive research on the theme of “Designing the Structures of Technology Universities (DSTU) in India” since 27<sup>th</sup> April 2011. This research project is designed to scientifically study the evolution of the university system and to develop disruptive strategies to meet the challenges of the 21<sup>st</sup> century. It was felt by many of those, who participated in the previous meetings of DSTU from all over the country that the ideas of governance being discussed at DSTU

were applicable to all the traditional Universities in the Indian sub-continent. (Brief Reports of the previous meetings of DSTU are available on [http://www.gtu.ac.in/circulars/14Apr/28042014\\_01.pdf](http://www.gtu.ac.in/circulars/14Apr/28042014_01.pdf) or <http://gtupgcenters.edu.in/home.aspx?id=6>)

Department of Education, Government of Gujarat also initiated the idea of the National Education Summit (NES), and the work done under the research project has given significant contribution in the summit. We had invited renowned academicians from all over India and the rest of the globe at GTU on 8<sup>th</sup> & 9<sup>th</sup> January, 2014. Research project have also received valuable inputs from the Vice-Chancellors, thinkers and innovators.

### **Seminar Description:**

This research project will develop a system of Governance by which all Universities is able to integrate education, training and research in its four disciplines at the level of Diploma, Degree, Post Graduation and Research. This will also help to identify those organizational components which are needed to pursue the objective of the Technological Universities and to monitor its activities related to admission, education, training, research, industry interaction, inter institute collaboration and international collaborations. It also sensitizes the members in all the institutions at all levels and to encourage them to put in their best efforts in making GTU a World Class Technological University.

### **2<sup>nd</sup> CCI Technology Education Excellence Awards 2013**

Gujarat Technological University (GTU) has set up 25 GTU Innovation Sankuls all across Gujarat. Each Sankul provides a platform for Colleges and surrounding industries to work together. A Sankul committee is co-chaired by a senior academician and an industry leader. The Consortium of Co-Chairpersons -Industry (CCI) has decided to give annual awards to recognize the excellence in different aspects of working of technology Universities. A technology university can present the work done during the last two years for the award.

The CCI Technology Education Excellence Awards 2014 are being organized jointly with Communication Multimedia Applications Infrastructure (CMAI) Association of India ([www.cmai.asia](http://www.cmai.asia) and [www.cmaievents.com](http://www.cmaievents.com)). CMAI is India's largest ICT association with 48,500 members and 54 MOU partners across the globe. ASSOCHAM, a national Chamber of Commerce and Industries, has agreed to join the project and has come forward to constitute a Jury, which will have 50% members from CMAI. This Jury would be able to transparently adjudge the entries on their merit.

## Invitation to all Trustees, principles, Directors, and HOD's of GTU affiliated Institutes

We please to inviting all GTU affiliated Institutes Trustees, principles, Directors, and HOD's for the 7<sup>th</sup> seminar on “*Designing Structure of Technological University*”, and “2<sup>nd</sup> CCI Technology Education Excellence Awards 2014” which will take place on *Saturday, 19<sup>th</sup> July 2014*.

**Venue: Bo-Conference hall, GTU Chandkheda Campus Ahmedabad.**

Please register on below link on or before 16th July, 2014 for participating in the seminar:
