

A Report for the Workshop of Saturday, June , 07, 2014:

Confluence: The Art & Science of Designing Question Papers for BE 1 2

GTU has taken initiative for the task related to “*The Art & Science of Designing Question Papers*” for various programmes. As first step one such “confluence” was arranged at GTU, Chandkheda campus on 5th April, 2014 and subsequently at different zones of G.T.U.the faculties belonging to concern subjects and who had already attended the zonal events , alongwith the course coordinators for the same, were invited , aiming to discuss about **model question papers to be made available to students/faculties by first week of august**.In the branches of mechanical , civil , computer & in the subject of communication skills discussions were made with the experts Dr.S.K.Bhagavan and Dr.Y.P. Kosta . The experts Dr.S.K.Bhagavan and Dr.Y.P. Kosta suggested to form focus groups to finalise the model question papers . The groups will be informed about the same by G.T.U. In future events the similar views would be shared with all branch /subject team leaders expecting their active involvement. The model question papers will be made available to students/faculties latest by first week of august

PARTICIPANTS ACTIVELY ATTENDED THE EVENT WERE FROM MECHANICAL , CIVIL , COMPUTER BRANCH & IN THE SUBJECT OF COMMUNICATION SKILLS.
