

GUJARAT TECHNOLOGICAL UNIVERSITY

(Established Under Gujarat Act No.: 20 of 2007)

ગુજરાત ટેકનોલોજીકલ યુનિવર્સિટી

(ગુજરાત અધિનિયમ ક્રમાંક : ૨૦/૨૦૦૭ દ્વારા સ્થાપિત)

No.: GTU/FS-IND/4302

Date: 17th June, 2014

To,
Director/Principal
GTU affiliated colleges

Building a team for Formula Student India (FS-IND) competition.

Gujarat Technological University has decided to build GTU team who can represent GTU in Formula Student India Competition. GTU is thinking to create a consortium of student representatives from various colleges for the above cause to build a university level team. The college who believes in co-creation based innovation and technology development will become a part of the above consortium by signing the MOA.

The agreed institution will nominate the best student representative/s to be part of University team. University and the Advisor/Mentor Appointed by the university will finally decide the team members who will represent the university team based on their contribution, performance and relevance.

It is decided to appoint L. D. College of Engineering as host institute for the GTU team. L. D. College of Engineering will provide all resources required to build the car like - Laboratory and Workshop along with faculty advisor who will monitor the progress of this project.

While a central team will be constituted to look after the task step by step the teams at various college levels may work with micro assignments as their academic or hobby projects. College authorities of respective institutes will facilitate this process via their existing infrastructure.

University want to make this project a huge co-creation based distributed design and technology development. GTU Innovation Council (GIC) and other initiatives of GTU will facilitate workshops for ideation, design, Technology Development and mentoring as suggested and co-ordinated by the university team participating for the Event. This will ensure huge number of students of branches like Mechanical, Automobile, Design & Production, and Electronics related branches participate in this huge co-creation across design cycle at various places. The Institutes/Students which may not be the part of MOA may wish to contribute in this decentralized development process and that will be welcomed.

A meeting is organized where Principal or HOD (Mechanical/Automobile) of the GTU affiliated institutes who are willing to be a part of this consortium and sign the MoA are invited. The purpose of this meeting is to discuss the process of the selection of student team members and how to make this a co-creation based distributed design and technology development project.

Principal/HoD of GTU affiliated colleges are invited to register for this meeting online at https://docs.google.com/a/gtu.edu.in/forms/d/1lMIJzo-K_JrzmjCw9TeJc-vgqlqFYBQc2tGXpoB3ksw/viewform

Date: 24th June, 2014

Time: 3:00 pm

Venue: Gujarat Technological University, Chandkheda, Ahmedabad
