No: GTU/QP-Designing/2015/890 Date: 23/01/2015

**A Cordial Invitation to a Workshop: FOR GROUP 2 B.E SEMESTER 3 & 4** Group – II: Bio-Medical Engineering, Instrumentation & Control Engineering, Computer Engineering, Information Technology, Computer Science & Engineering, Information & Communication Technology, Electrical & Electronics Engineering, Electronics Engineering, Electronics & Communication Engineering, Electronics & Telecommunication Engineering, Electrical Engineering, Power Electronics Engineering

## *Confluence<sup>1</sup>: The Art & Science of Designing Question Papers*

**Date:** Saturday, 31<sup>ST</sup> January, 2015

**Time:** 10:00 AM to 5:00 PM

**Venue:** GTU's Chandkheda Campus, Sabarmati-Koba Highway, Nr. Visat Three Roads, Ahmedabad

An examination paper should assess a student's understanding of concepts rather than evaluating the skills of rote-learning. Badly set or unbalanced question papers can put even the most carefully designed syllabi to shame and can act as a dis-incentive for attending classes and may not permit a great learning environment to develop.

GTU is initiating a new project - called 'Confluence: The Art & Science of Designing Question Papers'- with the objective of (i) designing guidelines for setting good quality examination papers and (ii) for each subject, preparing two sample question papers, which can be used to measure a student's competence in the whole of the syllabus of the subject well.

If you are interested in contributing to the massive but important project and if you want to participate in the second phase workshop Saturday, 31<sup>ST</sup> January, 2015, please register online on or before 29/01/2015, 06:00 pm at:
