

SEMINAR ON INDUSTRIAL AUTOMATION (PLC-SCADA)

Industrial automation deals primarily with the automation of manufacturing, quality control and material handling processes. General purpose controllers for industrial processes include Programmable logic controllers and computers. Manufacturing assembly lines as well as stand -alone machine tools and robotic devices fall into this category. Automation is delegation of human control functions to technical equipment for increasing productivity, better quality, increasing safety in working conditions reducing manpower & cost.

To introduce you to the world of Industrial Automation, a seminar is arranged on **Sunday 12/07/2015 Session 1: Time – 10:00 am to 1 pm, Session 2: Time-2:00 pm to 5 pm** (Both sessions are same)

Resource Person: Prof. Tosha Shukla, Prof. Rutika Ghariya

Venue: CiC3, Room No: 128, Gujarat Technological University, ACPC Building, L.D. Engineering College Campus, Navrangpura, Ahmedabad.

To register:
