| Q. No.	Below questions will be asked to each expert one after the other
1.	Beginning of the wisdom is definition of term. How should we define these two terms? *Campus and Corporate*
2.	Do you really think that there is a GAP between Campus and Corporate? (ONLY YES or NO)
3.	If there is gap, what is it?
4.	<u>***How***</u> should this gap be filled? But more important question is <u>***who***</u> should fill this gap? (Government, Academicians, Universities, policy makers, SFIs' managers, teachers, industries or students)
5.	Do you see any additional benefits of activities like R&D, Projects, Practical, Trainings, SDPs, industrial Visits etc…
6.	What does an industry demand? Do we prepare our students to meet these demands? Do any gaps remain here? Please define present Demand and Supply ration
7.	Role of Language & Communication, skill based learning, technical expertise, personality development etc…
8.	What extra can be done?
