

GUJARAT TECHNOLOGICAL UNIVERSITY
(Faculty of Pharmacy)

GTU/MPH/2015/727/3402

Date: 12-03-2015

CIRCULAR

**“Placement Related data of Final Semester of B. Pharm and M. Pharm Students
(2014-2015)”**

Gujarat Technological University has organized two centralized placement fair of Pharmacy in the year 2014, which had achieved huge success and nearly 50 different Pharmaceutical companies have been participated in these events. 250 + students received job offers by participated companies during these two events. Similar way for the current year, GTU is planning to organize “*Centralized Placement fair for Pharmacy*” this year in the month of May-June 2015.

To organize this event more systematically, we have developed a web application for placement. This web application is linked as “**Placement**” tab in each institute admin panel under “**Others**” tab.

Each college authority has to fill up online details of each of their B. Pharm and M. Pharm students, which includes basic details of the academic performance and job preferences of each student (At a time three job preference can be selected by a single student)

Kindly complete this process by **25th March 2015, Wednesday**. This will be helpful to organize Centralized Placement Fair for Pharmacy in a more systematic way.
