## About SA T-TEP

- ❖ SA T-TEP Program is developed by Toyota Kirloskar Motor (TKM) India, under One of Toyota's main guiding principles is to contribute to the social and economic development of the community which we operate in. With this guiding principle, T-TEP that is the Toyota Technical Education Program has the objective of developing best Human Resources for the Automotive Service Industry through training and development.
- ❖ TKM is Joint Venture collaboration between Toyota Motor Corporation, a Corporation incorporated under the laws of Japan and Kirloskar Systems Limited, a Indian Company and is involved in the manufacture of the state of technology automobiles.
- ❖ Toyota Motor Corporation, Japan (TMC) as a part of its global 'Corporate Image and Business Policy', conducts programs on various aspects of automobile manufacturing and servicing ( 'Toyota Technical Education Program' / 'T-TEP') to the worldwide student community undergoing certain specified and government recognized technical courses.
- ❖ TKM is authorized by TMC to implement and conduct and impart T-TEP to selected students undergoing the Diploma in Automobile Engineering in certain selected 'Technical / Industrial Training Institutions' in India that are recognized by the 'Directorate of Technical Education' or any other equivalent or appropriate board or authority.
- ❖ The SA T-TEP, a 1 year syllabus, introduces students to Toyota's advanced technology and service techniques. It also includes, on-the-job training, at Toyota's dealerships.
- ❖ World class Hi-Tech Training Tools & Equipment has been provided by TKM.
- ❖ Separate Workshop along with Training Room has been established by LJ Polytechnic & TKM (Toyota Kirloskar Motor) as per Toyota Standards.
