

GTU INNOVATION COUNCIL

GTU welcomes the new Faculty Members

Discussion about the critical role of Faculty Members at GTU

GTU Innovation Council: for inculcating the spirit of innovation within academia and industry.

Venue -VGEC- 16th June 2011

Venue-LDCE-17th June 2011 - Vatva Innovation Sankul

Interaction sessions were arranged with the new Faculty Members at VGEC, Chandkheda and LD Engineering College. Honorable VC, GTU. Prof Akshai Aggarwal addressed the faculties and shared his vision of a unique University roadmap. He also explained the role of GTU Innovation Council in nurturing practice-orientation and innovation in technical education. On 16th June the meeting at VGEC was coordinated by Prof Uday Trivedi and Prof Thakkar. Prof Thakkar shared his inputs and introduced the young faculties to the authorities. Dr. Akshai Aggarwal shared some exciting experience from his vast experience of teaching and learning which was a great source of inspiration for the young faculty members. He said that every one at GTU has to always keep the students as their 1st priority. He envisaged a road map for GTU Innovation Council involving the newly joined faculty members in various disciplines. It was decided that Prof. Uday Trivedi will coordinate in forming sectoral teams of faculties considering their area of specialization and they will be linked to the industries/industry sectors under GTU Innovation Council. The faculty members were asked to develop a framework in the context of their own specialization and send it to GTU Innovation Council within a week. Mr. Hiranmay Mahanta presented activities of GTU Innovation Council. He said that he would coordinate the faculty teams while being linked to SME clusters and industry chambers.

A similar meeting was held at LDEC coordinated by Prof M.I.Vyas, Coordinator of Udishia Club at LDEC on 17th June. Prof Vyas welcomed Honorable VC and shared the efforts taken in Vatva Innovation Sankul. Honorable VC shared his visions on co-creation model of research and development where 8,000 plus faculty of GTU in Engineering and Diploma will nurture the creativity of nearly 55,000 final year students who will be passing out during the academic year 2011-12. Prof M.I.Vyas gave vote of thanks at the end of the meeting which was concluded with an appeal to develop faculty teams of particular sectors to develop linkages with corresponding sectors of Industries and industry chambers/associations in and outside the Sankul.
