Quotes from Dias

"There is a constant need of updating faculties and such FDPs help them to gain practical knowledge. We should keep learning from our students as a faculty."

Dr. Akshai Aggarwal, Vice Chancellor, Gujarat Technological University.

"When any IT company meet us for building, space, internet any kind of infrastructure for business at infocity we are well quipped, but when they ask for quality man power it become uneasy. This kind of industry associated FDP surely helps in solving this."

Mr. Sharad Dhanak, General Manager, Infocity.

"The training time we spend is considerable high on the candidate when we hire. We would like to decrease that time and would like that the training is done at university level."

Mr. Gurudatt Medtia, Director, Etech.

"We had ERP kind of system placed in government too. It give us tremendous boost in the transparency. We would love to help people in this sector".

Mr. Rajnish Mahajan,
.   *State Information Officer, National Informatics Center, Gujarat*

"We should try to use more and more available framework instead of reinventing the wheel."

Mr. Fabien Pinckaers,
CEO, TinyERP.

Overall Feedback of FDP

The overall feedback for the FDP was excellent [As per feedback form]. Participants are happy to get the hands on experience on the ERP where the industry trainer shown them the business cycles.

Experience sharing from Participants

"We are happy to learn the practical aspects of the ERP. Staff of the TinyERP supported us in performing the hands on sessions. We learned a much from this FDP."

Ms. Jaishree Taylor,
Shrimad Rajchandra Instituteof Management and Computer Applications (SRIMCA), Bardoli

"Being a MBA faculties we never get a chance for such a hands on experience on the ERP. This FDP provided us with practical exposure of the ERP."

Ms. Vaishali Shah,
Indukaka Ipcowala Institute of Management, Charotar University of Science & Technology
