**WELCOME TO Digital Valuation System**

The Digital Valuation System is the first of its kind in the world. The evaluation of answer scripts is done in a secured environment by digitizing the answer scripts first and then enabling the evaluation through our proprietary software application. The process life cycle includes automated dummy number allocation (coding of answer copies), digitizing the answer scripts, online evaluation and mark entry by the faculty, options for accessing answer keys and also moderation and report generation by the Controller of Examination.

The evaluated answer scripts are then stored in a central repository. This further enables providing scanned answer copies to students online for viewing, archival and easier re-evaluation processes. The system is developed to enhance transparency, accountability, reliability and efficiency in the whole evaluation process.

**KEY FEATURES**

- Secured Evaluation process
- Masking student identity
- Answer scripts retention for longer duration
- No loss of answer scripts due to fire accidents or natural calamities or ageing
- Simultaneous evaluation of one answer script by multiple evaluators
- No chance of inaccuracies in evaluated and totalling of marks
- Easier re-evaluation process
- Easy tracking of evaluation process
- Processing of payment claims

**Answer Script Allocation**

Slot Duration:  [View Allocation Summary](#)  
 Exam Name:  [Allocate](#)

[Availability List](#)

Select	Course Code	Course Name	Current Available Answer Script Count	Enter Priority Status
<input checked="" type="checkbox"/>	2820005	Marketing Management	489	

Answer scripts has been allocated successfully for following course list.

2820005 - 10

Step-1 :- Select the slot you would like to allocate.

Step-2 :- Select Examination Name from the list.

Step-3 :- Select the check box and provide your priority of evaluation. This option is for valuers having more than one subject for valuation.

Step-4 :- Click on Allocate Button on the right hand side of the screen to allocate the answer scripts.

10 Nos of Answer Books will be allocated to the Examiner at a time.

Step-5 :- Please wait till the allocation is complete and appropriate message is displayed then click on "OK" button

To select Answer Script. Next

\*\* As soon as you complete the answer scripts allotted you fresh answer scripts will be allocated to you.

## Answer Script Selection :-

The screenshot shows the 'Start Valuation' page of the Digital Valuation System. The header includes the Gujarat Technological University logo, the text 'GUJARAT TECHNOLOGICAL UNIVERSITY', 'DIGITAL Valuation System', and 'Welcome DINESH.K'. The IntelliEXAMS logo is also present. The navigation menu includes 'Today's Allocation', 'Evaluator Profile', 'Valuation Summary', 'Start Valuation' (highlighted with a red box), 'Deallocation', 'Change Password', 'Download', and 'FAQ'. The main content area has a 'Start Valuation' button and a red instruction: 'Step1 select "Start Valuation button"'. Below this, there are two dropdown menus: 'Select Course' (set to '2820005 - Marketing Management') and 'Select Answer Script' (set to 'J11080007J0510102107'). A red instruction 'select AS dummy number' points to the second dropdown. There are two radio buttons for 'Image Type': 'Color Image' (selected) and 'Black and White Image'. A preview box shows 'GTU University' and '2820005 - Marketing Management' with an 'MBA Exam' label and a 'Start' button. A red instruction 'click on start button to valuation' points to the 'Start' button. A 'General Instructions for Examiners' box contains text about answer keys and evaluation guidelines, along with 'Minimum Valuation Time - 0' and 'Maximum Valuation Time - Infinity'.

This screen will enable the evaluators to select the Answer script.

Step-1 Select "Start Valuation" Option

Step-2 Select "Select Course"

Step-3 select "select answer script" dummy number

And then Click on "start" button to load the Answer script.

\*\* In case you are not able to view, read or image is blurred select the "Reject" button

## Valuation Screen :-

The screenshot displays a Valuation Screen with a handwritten answer on the left and a marks window on the right. The handwritten answer is a diagram of the software life cycle phases: Engineering (Inception, Elaboration) and Production (Construction, Transition). Below the diagram, the candidate has written: "These are the phase of the software life cycle. The Inception phase contain the idea of the software, that is it can create and find the requirements of the software." The marks window shows a table of questions and marks, with a total mark of 56.5 / 100. Below the marks window, there is a question and answer key section. The question is: "State any two factors that affect software economics." The answer key is blank. There are two buttons, "Reject" and "Submit", with red arrows pointing to them from the right.

Q.No	Mark	Attempted	Score	Mark	Attempted	Score
1	2	1/2	12	2	1/2	
2	2	1/2	18	2	1/2	
3	2	1/2	19	2	1/2	
4	2	1/2	20			
5	2	1/2	21	10	1/2	
6	2	1/2	22	8	1/2	
7	2	1/2	23	5	1/2	
8	1	1/2	24	6	1/2	

Question Answer Key

State any two factors that affect software economics.

Reject Submit

**Note:** The valuation Screen the First 2 pages are masked.

Step -1 :- Answer script will be visible in the window and the marks to enter will be visible on the right hand side of the screen.

Step-2 :- The question and the Answer key will be displayed below the marks window.

Step-3 :- To view the question, click on the question no. in the marks window.

Step-4 :- Scroll up or Down to see the answers written by the candidate.

Step-5:- Enter NA only for Questions not attempted and 0 for no marks.

Step-6 :- Use the Zoom in option to enlarge the question window.

Step-7 :- Use the SUBMIT button to submit the marks to display the tabulation window

**\*\* The tabulation window will display the summary of marks allotted to the candidate.**
