

## **CIRCULAR FOR ADJUSTMENT OF SUBJECTS TO BE TAKEN IN FIRST TWO SEMESTERS.**

As per the recommendations of academic committee, Institute is at liberty to decide five subjects out of ten to be taken from first two semesters of Degree Engineering Course. Maths – I and Maths – II is to be taken in continuation only. Preferably communication skill and workshop is to be taken in two different semesters for a particular branch of students.

Such selection should not be given to the student but to be decided by the Institute to take care of load adjustment. This choice should remain same for the entire branch. i.e All the students of EC course should take same subject.

Choice of Subjects to be taken from First semester:

- Physics /Chem
- Mech. of Solids
- Engineering Graphics
- Computer Programming and Utilization
- Communication skill

Choice of Subjects to be taken from Second semester :

- Elements of Civil Engg
- Elements of Elect. Engg
- Elements of Mech. Engg
- Environmental Studies
- Workshop

eg :

Students of EC branch are offered in First Semester

- Maths – I**
- Physics**
- Engineering Graphics**
- Environmental Studies**
- Mechanics of Solids**
- Workshop**

Then, they should study in Second Semester

- Maths – II**
- Elements of Civil Engg**
- Elements of Elect. Engg**
- Elements of Mech. Engg**
- Computer Programming and Utilization**
- Communication skill**
